What is the Manatee Chamber of Commerce Better Business Council?

The Better Business Council (BBC) is a committee of the Membership Development and Services Division of the Manatee Chamber of Commerce.

Businesses wishing to become members of the BBC agree to certain terms and conditions including clarification and confirmation of required licensing and proper insurance. In addition, they must agree to respond to formal complaints filed through the Better Business Council and make every effort to resolve conflicts in a reasonable, prompt manner outlined by the BBC.

Understanding that complaints can arise in the normal course of doing business, and that it can be

difficult, at times, to resolve the issues, the BBC attempts to act as a mediator so that both parties are, hopefully, satisfied. It has been our experience that, in most cases, they are.

Most area businesses are operated by hard working men and women who care about their customers and are dedicated to building and maintaining good relationships. For this reason, they made the decision to indicate their commitment and applied for membership in the BBC.

Consumers are encouraged to contact the Chamber's Better Business Council for information regarding reliability reports on our members, as well as scams, charitable solicitations and

more. There are no charges to consumers for this public service.

If you own a business and would like more information regarding BBC membership or would like to inquire about a business or need assistance, please call Tina West, Manager, at 748-1325 or email tina@manateechamber.com.

If you'd like more information about how your business can become a member of the Better Business Council, call 748-1325.

Edwin T. Mulock, Attorney

Florida Super Lawyer and prominent Bradenton attorney, Eddie Mulock can pick up the beat to any doo wop song on his drums, seek out a fruitful fishing hole and start learning a new language just for fun.

This Manatee High School grad and champion for special-needs kids fully embraces life, but one passion has remained constant for more than 40 years: practicing law.

"The life of a trial lawyer is challenging and stressful—more so than other types of law practice—but I thrive on it!" says Mulock, a trial lawyer for civil litigation and criminal cases who opened his practice in 1967 and specializes in wrongful death and personal injury as well as criminal defense.

After graduating from Stetson Law School, Mulock argued on both sides: prosecution and

*"The life of a lawyer is
challenging and stressful . . .
but I thrive on it!"*

defense. He first worked as a Public Defender and then for the State Attorney's Office before opening his own firm, a move that has brought him many high-profile cases and career accolades.

For the third year in a row, Florida Super Lawyers Magazine has named him a top Florida attorney. The Super Lawyers list is a prestigious distinction awarded to only 5 percent of attorneys in Florida who are chosen by peers in the law profession to create a resource for those seeking standout attorneys.

Mulock inspires people with his strength in

and out of the courtroom. In 1995 he had a heart transplant and in 2006 a liver & kidney transplant.

"Transplant survivors count the years," says Mulock. "Every year you get is a free year!"

Mulock has turned his medical challenges into something positive for others. While in the hospital for his heart transplant, children battling illnesses inspired Mulock to form in 1995 the Foundation for Dreams, a non-profit organization that funds his Dream Oaks Camp. Children with serious illnesses or disabilities can enjoy a safe and memorable overnight camping experience.

Even though Mulock carves out quality time with his family or honing his hobbies, you'll still find him making weekend office visits to prepare for an upcoming trial.

"I'm in court a lot," he says. "I don't like sitting behind a desk—I like being in the courtroom. For me, that's practicing law!"

Your Money... Your Choice... Your Credit Union

Why choose Tropicana Federal Credit Union? One of the biggest misconceptions about joining our credit union is who can join? Tropicana Federal used to be an employer-based institution, but now is open to anyone who lives, works, or goes to school in Manatee County.

- **Better Savings** — Any “profits” are returned to the members in better rates and lower fees.
- **Convenience** — We offer options for members to be able to do their banking outside of the branch, with online banking, bill-pay service, e-statements and access to ATM Networks across America.
- **Lower Auto Loan Rates** — Credit union auto loan rates are typically lower than that of banks. In addition, Tropicana Federal looks at the big picture and not just the applicant’s credit score.

We . . . invite everyone to take advantage of the Best Kept Secret and bank with us!

- **Community Involvement** — Awarded the Barry Jones Business Partner Empowerment Award for outstanding efforts to enhance education by Manatee County Chamber of Commerce enhancing Education through partnership with the Manatee County School System. Tropicana Federal also partners with the Central Community Redevelopment Association (CCRA) offering free income tax services and financial literacy classes to the community.

- **Excellent Service** — You’re not just an account number! Imagine walking into your bank and being greeted by name! Getting one-on-one counseling to rebuild your credit. That’s exactly what happens everyday at Tropicana Federal.

Tropicana Federal has earned the Bauer-Rating 5-Star Designation for financial soundness. (NCUA) The National Credit Union Administration is the federal agency that administers the Share Insurance Fund and insures deposits to \$250,000.

“In spite of the economy, we are successful and solid as a rock — we have money to lend and invite everyone to take advantage of the Best Kept Secret and bank with us!” says Suanne White, Director of Member Development.

“It is so rewarding to be able to open our doors to the community and educate them on issues

that can improve their financial lives,” stated Cindy Barco, President of Tropicana Federal Credit Union.

For more reasons to become a member of Tropicana Federal Credit Union, go to our web site at www.tropicanaacu.com. Visit us at 604 13th Ave. East, Bradenton. Call us at 941-748-7704

Handling a Complaint

Fortunately, most business transactions are handled professionally and without incident. On rare occasions, however, consumers can be disappointed with a company's product or service and feel the need to complain. For businesses located in the Manatee County area, the Chamber's Better Business Council offers the following advice:

First, attempt to resolve the issue directly with the business. Often, they are not aware of your dissatisfaction and are eager to work with you to resolve the issue.

If efforts to reach a mutually satisfactory solution fail, consumers can contact the Chamber's Better Business Council (BBC) to receive a "Consumer Experience Report." The report can also be downloaded from the Chamber's website at www.manatee-chamber.com. For businesses located outside of our area, please contact the Better Business Bureau of West Florida at 800-525-1447 or www.westflorida.bbb.org.

When the BBC receives a completed Report Form, it will be forwarded to the business involved. Please note that the BBC does not take either side in the dispute but works to facilitate communication between the company and the consumer, hopefully resulting in a satisfactory resolution.

In most cases, this process is successful and all concerned are grateful for the positive result.

In those rare instances where a reasonable solution cannot be obtained, the Better Business Council will advise both parties of their option to contact a professional mediator.

For information regarding the BBC please contact Tina West at (941) 748-1325 or email to: TinaW@manatee-chamber.com.

Our office is located in the Chamber's downtown Bradenton office at 222 10th St. W., Bradenton, FL 34205.
